

EPSON L110

DATA SHEET

The Epson L110 is a single-function printer with integrated ink system, ideal for home offices and students looking to cut their printing costs. Featuring Micro Piezo printhead technology and Epson genuine ink, you can print Epson-quality at an ultra-low cost.

The L110 comes with a 12 month (or 15,000 page) warranty and service support, providing peace of mind and help should you need it.

The purpose-built ink tank is fully integrated into the printer, so you can enjoy reliable colour printing without the mess or hassle often associated with nongenuine refills and third-party ink tank systems. The Epson-genuine ink bottles make it easy to refill the ink tank with their clear labelling and drip-free nozzle. The L110 is easy to set-up and use compared to third-party ink tank systems: simply fill with the ink supplied, turn the printer on and prime the ink system. Now the L110 is ready to print.

The L110 offers affordable printing and a low-cost per-print. Each set of highvolume ink bottles can print up to 4,000 pages in black and 6,500 pages in colour*1, delivering an ultra-low cost per page for both black and colour printing.

The L110 has a 12 percent smaller footprint than previous models*2, and easily complements any work environment.
